

ESSENTIALS FOR MARKETING CLOUD EMAIL MARKETERS: EEB101 + Journey Builder

TRAINING THE
TRAILBLAZERS
OF TOMORROW

< **ISDI** >

TRAINING THE TRAILBLAZERS OF TOMORROW

Email Essentials is designed to get you up and running on the Salesforce Marketing Cloud Email Application. In this interactive course, email marketers will gain hands-on experience creating emails, sending and tracking results, managing subscriber data, segmenting data to deliver targeted, relevant messages, and learning automation tools to automate campaigns and daily tasks.

> Course highlights

This course is designed for programmatic developers who are new to the Force.com platform, who need to be able to write programmatic customizations to both the business logic and user interface layers using Apex and Visualforce.

5 days, in-person

Taught in Spanish
Materials in English

ISDI, Digital Acceleration Center
(Viriato 20, Madrid)

Salesforce certified instructors

40 hours of classroom training

Small class size allows more
personalized learning

> Outcomes

Upon completion of the Essentials For Marketing Cloud Email Marketers: EEB101, you will be able to:

1. Log in to the Marketing Cloud
2. Create an email using our newest application, Content Builder
3. Describe the various ways to store data in the Marketing Cloud
4. Utilize the various import methods to import data to lists and data extensions
5. Describe and use the various testing/sending options within the Marketing Cloud
6. Analyze the results of a send using email tracking and Reports
7. Create filtered or random segments using Drag-and-Drop Segmentation
8. Create filtered segments based on behavioral data (Measures)
9. Utilize a query activity to create segment data
10. Create and execute an automation to import data and refresh data
11. Build and automate a welcome series for new subscribers using Playbooks
12. Describe when to use a triggered email send for transactional messages
13. Automate an email drip campaign via Automation Studio
14. Build and automate a welcome series using Journey Builder

> Aimed at

This course is designed for email digital marketers who manage the email channel for their organization. No prior knowledge of the Marketing Cloud is needed.

> Content & Methodology
